THIS MATTER is before the court on plaintiff's submission of the administrative record in support of her Motion for Summary Judgment.

The undersigned has conducted a preliminary review of the 1320 page unbound, unindexed, and un-tabbed document. Such voluminous document was presented to the court wrapped in saran wrap. Based on such review, the court has determined that consideration of such a document in such a format would unduly delay consideration of the merits of the cross motions for summary judgment and further frustrate consideration by a reviewing court. The document will, therefore, be returned to counsel for plaintiff (as an officer of the court) to complete the following tasks in consultation with counsel for defendant:

- (1) bind the document in three ring binders;
- (2) provide an index to major categories of documents (i.e., plan documents, correspondence from plan administrator, administrative claim, administrative claim proceedings, administrative decision, administrative appeals, medical provider records (by provider and/or in chronological order), personnel records, etc.); and
- (3) insert tabs corresponding to indexed categories.

ORDER

IT IS, THEREFORE, ORDERED that the Administrative Record in this matter is **RETURNED** to counsel for plaintiff, who shall resubmit such bound, indexed, and tabbed document not later than the time of filing plaintiff's response to defendant's Motion for Summary Judgment.
